Support. Advocate. Prevent.

Programs and Services

The Rowan Center

A Sexual Assault Resource Agency

OUR MISSION STATEMENT

To provide counseling and support services to victims of sexual assault and to eliminate sexual violence through community-wide education programs.

Our wish?

A world free from sexual violence.

OUR STORY

The Rowan Center began in a trailer behind Stamford Hospital with volunteers who wanted to help victims of sexual violence. Forty years later, we are an agency of professionals working to eliminate sexual violence.

We take our name from the Rowan tree, present in various mythologies around the world, and is a symbol of strength, resilience, and courage.

The Rowan Center is one of nine member centers of the Connecticut Alliance to End Sexual Violence.

We provide services in English and Spanish in the eight towns of lower Fairfield County:

Darien, Greenwich, New Canaan, Norwalk, Stamford, Weston, Westport, and Wilton.

CRISIS COUNSELING

Anyone over the age of 14 who is a primary or secondary victim of sexual violence may receive up to 12 free and confidential sessions of one-on-one crisis counseling. Our sexual assault crisis counselors will meet with clients in our Stamford office or in the community, striving to make it as easy as possible for victims to get the help they need. We also provide support and empowerment groups throughout the year at various locations within our eight towns.

HOTLINE & ADVOCACY

Confidential help is available 24/7 and is free of charge. Our sexual assault crisis advocates listen and empower callers and connect them to the resources they need. We are available to meet clients at hospitals, police stations, and courts.

COMMUNITY EDUCATION

We provide primary prevention education to students K-12, as well as to parents, professionals, college students, police, clergy, librarians, and other members of our community.

Our programs are designed to raise awareness about sexual violence through thought provoking discussions and activities. We also provide individuals with the tools necessary to know what to do if they or someone they know have been affected by sexual violence.
